WORK EXPERIENCE:

Ogalai Labs, Nepal

Founder (Full Time , Remote)

March 2026 - Present

- **Founded Ogalai Labs**, an app development studio, and set its vision, product direction and business strategy, including leading Zournaly from concept to launch.
- **Build and lead cross-functional teams** of developers and designers, handling hiring, onboarding, mentoring and role allocation.
- **Plan roadmaps**, sprints and timelines, tracking progress, removing blockers and ensuring on-time delivery across client and internal projects.
- **Translate stakeholder** needs into clear requirements and technical plans, while **managing budgets**, resources and team capacity as projects scale.
- Build features hands-on with React, Next.js, JavaScript and WordPress, and oversee client IT infrastructure for uptime, security and performance.

Nobull Strategies LLC, USA

IT Solution Manager (Part-Time , Remote)

August 2025 - Present

- **Manage end-to-end IT infrastructure for multiple clients**, ensuring uptime, security, and smooth operations.
- **Create detailed project timelines, task plans, and execution roadmaps** aligned with business goals
- **Lead cross-functional project execution**, tracking progress, resolving blockers, and ensuring on-time delivery
- **Build teams based on project requirements**, including hiring, onboarding, and role allocation
- Add and manage resources to support scaling projects and client demands
- **Collaborate closely with stakeholders** to translate needs into actionable technical plans
- **Monitor IT systems performance** and coordinate improvements and optimizations

Micronbrane Medical , Taiwan

August 2024 - January 2026

Web Developer (Part Time - Full Remote)

- **Maintaining websites**, ensuring smooth functionality, security, and timely updates.
- Optimized site performance—speed, load times, and resource management—to create a seamless user experience.
- **Collaborating with cross-functional teams to align content with company goals** and implement on-page SEO for better visibility.
- **Committed to adopting new technologies like Zoho, Notion, that drive efficiency** and help the company reach its business objectives.

Webpoint Solutions LLC, Naxal

March 2024 - December 2024

Project Management Trainee (Full time)

- **Utilised Scrum framework to manage projects**, including sprint planning, daily stand-ups, sprint reviews, and retrospectives.
- **Managed project workflows efficiently using Jira, Trello**, including task assignment, progress tracking, and backlog prioritisation.
- **Worked closely with product owners** to ensure project requirements are met and aligned with business objectives.
- **Conducted team events and meetings using Liberating Structures** to foster engagement, creativity, and productive outcomes.

Trainingpoint , Naxal

Subsidiary of Webpoint Solutions

March 2024 - December 2024

Project Manager

- Led marketing, sales, and business development teams, **driving brand awareness and growth with half the allocated budget.**
- Applied the Scrum framework to oversee sprint planning, daily stand-ups, reviews, and retrospectives, ensuring efficient project execution.
- Implemented strategies to **increase psychological safety** within the team, promoting an environment of trust and open communication.

Wordpress Developer

Freelance | Remote

Aug 2022 - Jan 2023

- **Gained a deep understanding of the structure and styling of web pages**, which is crucial for developing visually appealing and user-friendly websites.
- Learned to create and customise WordPress themes from scratch, ensuring they met the unique needs of our clients and adhered to best practices in web development.
- **Implemented SEO best practices to optimise websites for search engines**, improving their visibility and driving more organic traffic to our clients' sites.
